

STARTLING
ACCUSATION

Made by General
Leonard Wood Against
Officials in the Phil-
ippines.

Washington, Oct. 14.—Major General Leonard Wood, commanding the division of the Philippines declares in his annual report just received by the war department, that it would be unwise to make any considerable reduction in the total strength of the garrison there.

"We are far from home," he says, "and in case of foreign disturbance, even with all our troops concentrated at Manila, the force would be barely sufficient to defend it from serious attack."

General Wood urges the cleaning out of dead timber among the officers of the line and staff. He says that "a considerable number of officers have entered the service as a result of the war with Spain and subsequent disturbances in the Philippines who, now that a condition of peace is established, are found to be of a type which it is not desirable to continue in the regular service. The class of officers referred to," he continues, "is made up of the men who find the hard and serious work of an officer's career different from what they expected. This, combined with the lack of excitement, has rendered them indifferent to improvement and in some instances to the discharge of duty. It is difficult to eliminate this class by the means now afforded, as many of them, while far from keen, consider the position of an officer a sufficiently good one to hold on to as a means of livelihood. Some means other than a court-martial, or failure to pass the examinations for promotion now required, are needed to dispose of this class." He says that aside and apart from this class of officers a large percentage of the field officers are too old for their positions. "With our small army there is no excuse for carrying a heavy load of inferior personnel in any class," he declares.

RATE IS COMING

It will be preceded by a meeting Wednesday of the Central

Passenger association's mileage bureau. Many of the small eastern lines have been appealing to the New York Central to make its mileage book effective over their lines. TOOK HER LIFE

Prevented From Seeing
Her Son Mrs. Treisch
Sought Death.

BADE BOARDER GOODBYE

And Then Drank Carbolic Acid She
Had Mother Buy—Was Estranged
From Her Husband.

"Well, Ed, if I can't tell anyone else good bye I will tell you." After addressing these words to Edward Mahler, Mrs. Rosa Treisch, estranged from her husband, proceeded to her room at her boarding house, No. 1324 East Ninth street, and took her life by drinking a quantity of carbolic acid.

Mrs. Treisch had been despondent because she could not see her son. She and her husband had not been living together for some time and, it is said, he repeatedly refused to allow her to see their boy even for a minute. He is said to be a section boss on the Wheeling & Lake Erie railroad and is stationed at Cuyahoga Falls. The son had been living with Treisch's parents at North Lawrence, and it is believed that this is the bottom of the whole trouble. Efforts were made to reach Treisch Saturday and last night, but he could not be located.

Mrs. Treisch drank fully an ounce of the poison. Mahler, who boards at the same place, attempted to prevent her from swallowing it, but his efforts were futile. She took the poison at 4 o'clock and at 6 o'clock she was dead.

It is said that the unfortunate woman had been brooding heavily on Thursday and Friday and was heard to remark to her brother, Otto, that "they would be sorry when she was gone."

To mourn her death she leaves six brothers besides her husband and son. Funeral arrangements have not been completed.

SMOKING

Of a Cigarette In Grand
Opera House Caused
Trouble.

OFFENDER ARRESTED

And Great Excitement Was Created by
the Report That the Officer Had
Clubbed His Prisoner.

Smoking a cigarette in the gallery of the opera house Sunday night got Willie Uri into trouble. He was caught in the act by Officer Binkley and taken to the police station.

A large crowd of the gallery gods, seeing the officer leading the boy out, attempted to interfere and it was with difficulty that he got his prisoner away. After locking the boy up he returned.

When the show was over some one said that the officer clubbed the boy and about 200 gathered in front of the theatre waiting for him to come out. The mob was furious and for a time it looked like a small riot, but Officer Binkley did not appear and the mob finally dispersed.

Division No. 1, A. O. H. will meet in Room 24, Folwell Bldg. Tuesday evening at 7:30. All members are requested to be present.

Gallery only 10 cents for Union Depot at opera house.

OBJECTED TO SUNDAY WORK;
RAILROADERS LEFT JOBS

Pennsylvania Platform
Crew Decided to Strike
at a Secret Meeting
Held Friday.

WHAT ACTION WILL

Be Taken Will Not Be Known Until
Some Time Today—Car Short-
ages Causes Overwork.

Objecting to Sunday work, fifteen men employed by the Pennsylvania railroad refused to report for duty yesterday. They comprise the platform crew and checkers and it will not be known until some time today what action the road will take. The freight house was tied up all day.

The truckmen and checkers have been working Sunday mornings most of the summer and within the last two months an order was issued calling them out on that day. It has been

the custom of Chief Clerk Harry J. Metcalf to post the order in the freight house whenever there is a surplus amount of freight making it necessary for the men to work Sunday. Last Friday the men held a secret meeting and decided not to go to work. John D. French, foreman of the platform crew was not let into the secret and was consequently the only man who appeared. He made no effort to go the men out or hold a consultation with them. He, however, wired the Pittsburgh office explaining the situation and, as far as is known, has not received a reply.

There has been a large increase in the amount of freight passing through the local office this year, due to new factories and a general increase in local business. In addition the car shortage makes it necessary to unload as soon as possible to help relieve the situation.

The freight handlers realize this and are advocating a night crew instead of the Sunday work. The men have long hours, and, although the freight house is closed at noon on Saturdays they are seldom through until 5:30 o'clock.

MOVING PICTURES

And Grand Army Orchestra Delighted
on Immense Audience at the
Auditorium Sunday Evening

The opening entertainment of the Auditorium Moving Picture company was given last evening to an audience of 3500 people, and was well received by the vast assemblage, considering that everything was new. As a matter of course, with a new machine and new pictures, a hitch or two was to be expected. In showing one picture the film broke but it was soon adjusted and the balance of the scene was shown. Chief among the pictures presented were scenes from a circus and menagerie, the slums of Paris and an exciting automobile race, the latter of which alone was worth double the price of admission.

The Grand Army orchestra's musical program was of a high order and the merited applause bestowed showed that the music was appreciated.

At the next performance, to be given Sunday evening, October 28, an entire new and up-to-date set of pictures will be shown.

The management is to be congratulated on the auspicious opening of the season, and nothing will be left undone to give the patrons of the entertainments high-class and refined programs each evening. A new feature of the next bill will be the introduction of illustrated songs.

Quiet Sunday in Cuba.

Havana, Oct. 14.—The first Sunday under the new administration of Governor Magoon passed off quietly. A number of banquets and receptions were held by the Liberals, but they were conducted in an orderly manner. Julian Betancourt, chief of staff under General Guerra, leader of the revolutionaries, and Padre

of the revolutionary forces, were given a reception at the Liberal club.

Governor Magoon said tonight that no time for the selection of a new cabinet for Cuba had not yet been fixed. A detachment of 25 marines left for the Isle of Pines today, where a meeting of the Americans on the Isle will be held tomorrow. The object of their visit to the Isle is to prevent any incendiary utterances at the meetings.

Punishing Chinese Grafters.

In Canton the beggars and the magistrate's servants enjoy a prescriptive right to exact some money from any shopkeeper who might open a new shop, especially a pawnbroker's shop, as pawnbrokers there are regarded by the people as Chinese Shylocks, says the Shanghai Mercury.

Recently when a new pawnbroker's shop named Fu Shung was opened near the Ching Fung bridge, a vast number of these beggars and magistrate's servants were there demanding exorbitant sums from the pawnbrokers. As the pawnbrokers had paid their license fee to the government, they, of course, refused to pay the sum demanded and reported the matter to the police, who arrested twenty-one of them and brought them before the Nam Hoi magistrate for trial.

Four of them were discharged, but two of them, who were the Nam Hoi magistrate's braves, were sentenced to be beheaded, and the rest of them who were servants of the magistrate were sentenced to be put in stocks for three months in front of this pawnshop.

POLICE NEWS

But Three Arrests Were
Made On Sunday.
Prisoners Will Be Tried
Today.

Three lone drunks composed the entire list of arrivals at Rigler's Sunday.

Sullivan Ubong arrived early, brought in by Officer Reed at 1:20 o'clock. He was too tired to walk home and had found a soft spot in the street when the officer interrupted his nap.

W. H. Watson, arrested for drunkenness by Detective Ryan and Lieutenant Wielandt, was brought up in the wagon. He will explain this morning "Frenchy" Monier was arrested by Officer Zaiser and will have a hearing this morning. He is a regular patron having been arrested by every member of the force.

A Pioneer Celebrates.

Thomas Van Horn living on the Bolivar road about two miles from the city with his son, E. W. Van Horn and wife, celebrated his 83rd birthday last Saturday. Mr. Van Horn is one of the pioneers of Stark county having been a resident 68 years. He has lived continuously for the last 55 years on the farm where he is at the present time located. It is doubtful if there is another resident in the county that is so widely and favorably known as Mr. Van Horn. The celebration was attended by Abraham Iddings, of Perth, Kansas; Adam Hines and wife, Frank K. Helman and wife, of Minerva; E. G. Van Horn, L. H. Van Horn, H. L. Snively and families of Canton, and about 45 other friends and relatives of Mr. Van Horn. A very enjoyable time was had by those present. Mr. Van Horn is a man of ripe age, is still in the best of health.

Dr. A. D. Eward, the alienist, says as a very positive opinion regarding the mental condition of Harry Zaiser, but will not make a statement present.—Houson Post.

John No. 1, A. O. H. will meet in Room 24, Folwell Bldg. Tuesday evening at 7:30. All members are requested to be present.
